

Recording Using Your Laptop & the RØDECaster Pro II USB-C Cable

1. Power on the RØDECaster Pro II unit by pressing the red power button on rear of unit.
2. Using your laptop, connect the USB-C cable to your laptop. When using your installed recording application, select "RØDECaster Pro II Main" as your microphone source.
3. Adjust microphone level for any person by using the fader that matches microphone color.
4. Adjust headphone volume for any person by using the volume knob that matches the microphone color.
5. Record will not occur on the RØDECaster Pro II unit, but instead you will record using your preferred installed recording application on your laptop. **Recommendation: Do a short recording to ensure your installed recording application is properly configured and receiving the RØDECaster Pro II microphones as your microphone source.**
6. Stop recording.
7. When recording is completed, power off the RØDECaster Pro II unit. Unplug the USB-C cable from the laptop and leave it in the studio.
