

TRANSCRIPT ENTRY DOCUMENT

Please carefully follow the instructions to complete these forms. For questions, contact the program through email at dpt@auburn.edu.

Instructions:

Each applicant must complete the five forms included in the Transcript Entry Document as part of the AUPT application. This document must be completed electronically using Microsoft Word. All coursework entries should match the information on your official transcripts. It is the applicant's responsibility to ensure that all information provided is complete, accurate, and truthful.

Required Forms:

[Form 1]: Background Information and Academic History (Page 3)

Begin by answering the background questions. Next, list each institution beyond high school that you have attended, including any dual enrollment, community colleges, undergraduate universities, and graduate schools. For each institution, include the institution name, major, degree level, GPA hours, quality points, semester and years attended, and your overall GPA. All of this information can be found on your transcript from each institution you have attended. Only use the number of rows you need, leave the extra rows blank.

[Form 2]: Prerequisite Coursework Log (Page 4)

All but eight hours of prerequisite courses must be complete by the end of the Fall 2025 semester of the year of application. Completion of all prerequisites and submission of official transcripts prior to matriculation on May 18th, 2026, is required. At the time of application (*Aug. 1 – Sept. 30, 2025*), all prerequisite coursework should be completed, in progress, or officially planned for a future academic semester.

For each prerequisite course, you must complete all required fields in the log and provide the following:

- **Course Status:** Indicate whether the course is completed, in progress, or planned.
- **Attempt:** Specify whether this is your first attempt or a repeated attempt taking the course.
- **Course Code:** Enter the official course code provided by the institution where the course was completed.
- **Course Title:** Provide the full title of the course (abbreviate if necessary due to space constraints).
- **Credit Hours:** Record the number of credit hours associated with the course.
- **Grade Earned:** Enter the final grade received. If the course is in progress or planned, select that option under "Grade Earned."
- **Semester and Year:** Specify the term and year in which the course was completed, in progress, or planned.
- **Institution:** Indicate the name of the college or university where the course was or will be taken.

Unique Course Log Guidelines:

- **Science Lecture and Lab:** If your transcript lists lecture and lab separately, record them as separate entries in your log. If they are combined, list them as a single entry in the lecture row and select "Lec/Lab Same" for the lab "Course Status" and other applicable fields on that row.
- **Transfer Credit:** Enter all coursework under the original institution where the course was completed, not where the credits were transferred to.
- **Advanced Placement:** AP Credit will count towards coursework requirements if clearly indicated as AP Credit on your official transcript.
- **Term Based Institutions:** If your primary institution follows a term calendar, email the program before completing this document.

[Form 3]: Recommended Additional Coursework Log (Page 5)

List any additional recommended course you have completed. These courses are not required but are highly recommended prerequisites as well as they will contribute to an applicant's preparation for the Doctor of Physical Therapy program.

Complete this form by following the same instructions used to fill out the "Prerequisite Coursework Log." If you do not plan to take a course listed on this log, please select, "Not Taking" for the "Course Status" and other applicable fields on that row.

[Form 4]: Last 60 Hours Coursework Log (Page 6)

List your undergraduate and/or graduate coursework in reverse chronological order, starting with your most recent academic semester and working backwards. Continue listing courses until you have accumulated exactly 60 credit hours.

- Do not include courses that are still in progress or planned at the time of application.
- Only include courses graded with letter grades.
- AP Credit, Pass/Fail, and Satisfactory/Unsatisfactory courses should not be listed in this calculation.

For each course, provide the course code, course title, number of credit hours, grade received, semester and year taken, and the institution where the course was completed. Once you reach 60 credit hours, stop listing courses, and leave any additional rows blank.

[Form 5]: Transcript Verification and Applicant Certification (Page 7)

Sign and date this form to confirm accuracy and authenticity of your academic information.
